#### ARTICLE IV

#### SENIORITY

"Seniority" is defined as the accumulated length of time an Employee has been employed by the District, which shall include employment, prior to the District's creation, with Ellsworth College or Marshalltown Junior College, in one or more of the positions described in Section A of Article I of this Agreement. It shall be computed from the Employee's most recent date of hire for any bargaining unit position. "Date of hire" is the date the Employee first performs services for the District.
- 2. Bargaining unit members employed prior to July 1, 1987 will have any unpaid leave time taken prior to July 1, 1987 counted for purposes of seniority, but seniority shall not accrue after that date for any Employee that has an unpaid leave of absence. Seniority shall not accrue but shall be retained during the time that an Employee is on layoff as the result of reduction in staff.
- 3. For purposes of reduction in force, seniority shall be applied separately at the Marshalltown Community College and the Ellsworth Community College. For all other purposes, seniority shall be applied on a unitary basis with Employees at both Colleges integrated into a single seniority system.
- 4. In the case of Employees on the Arts and Sciences faculty with the same date of hire and the same length of service with the District, the Employee with the most advanced degree will be considered the senior Employee and if the Employees have the same degree, then the Employee with the greatest number of graduate hour credits shall be considered the senior Employee and if the Employees have the same graduate hour credits, seniority will be determined by the date the initial individual contracts of employment were signed by the Employees.

#### ARTICLE V

#### TRANSFER PROCEDURES

## A. DEFINITIONS.

- 1. <u>Voluntary Transfer</u>. A voluntary transfer shall be the movement of an Employee with that Employee's agreement, from one College or department to another College or department.
- 2. <u>Involuntary Transfer</u>. An involuntary transfer shall be the movement of an Employee without that Employee's agreement, from one College or department to another College or department. Involuntary transfers between Colleges shall be made only when necessary to preserve an existing program or to prevent the lay-off of the Employee involuntarily transferred.
- 3. <u>Vacancy</u>. A vacancy exists when a bargaining unit position becomes available because of death, retirement, resignation, transfer or termination of an Employee or because a new position is being created. A vacancy does not exist when an Employee is on a paid or unpaid leave under provisions of this Agreement or the position is being reduced or eliminated.
- 4. Vacancy Notice. A notice of a position opening will be posted for at least three (3) working days at both Colleges in places where other notices to the faculty are usually posted but the time for making application for the position will extend to such date as the District specifies to the general public for the receipt of applications. The notice shall specify the criteria used to make hiring decisions. During the time school is not in session but the College is open, notices of vacancies shall be posted for one calendar week.

## B. PROCEDURE.

1. The criteria to be considered for voluntary or involuntary transfer shall be the Employees' ability, qualifications

and their certification (or eligibility for certification within one year of being hired) by the Iowa Department of Education. If comparing the Employees by ability, qualifications and certification indicates that, in the Employer's judgment, the Employees are relatively equal, the Employee(s) with least seniority will be involuntarily transferred first and the Employees with the greatest seniority will be voluntarily transferred first. In determining ability and qualifications, the following factors only will apply: the individual's transcripts, administrative evaluations, letters of recommendation, degrees and number of graduate hours of credit, demonstrated teaching style and approach, health and physical fitness.

- 2. No involuntary transfer will take place if there is a qualified applicant that seeks a voluntary transfer to the vacancy. Involuntary transfer between Colleges shall be a last resort used only to avoid reduction in staff.

  Qualified Employees volunteering to transfer will be considered equally with all other applicants for a vacant position.
- 3. Employees that have a voluntary transfer between the Ellsworth and Marshalltown Colleges will retain all seniority previously earned.
- 4. The Employer shall, consistent with Section A.3 above, designate the Department and College where a voluntary or involuntary transfer is required.
- 5. The Employer will inform the Association whenever an involuntary transfer is necessary and set a date to meet and discuss such transfer with the Association. The Association may present views and recommendations to the Employer at the meeting arranged for that purpose.
- 6. The Employer will consider the recommendations made and will determine the Department or College to which Employees shall be transferred, those Employees who shall be transferred, and the date upon which such transfer shall become effective.

7. The Employer will inform, in writing, the Employee(s) who will be transferred and upon request will meet with such Employee(s) to discuss the transfer and no final action will be taken prior to such meeting.

## C. DESIGNATION OF ASSIGNMENTS.

The parties recognize that it is within the sole prerogative of the District to determine what work is to be performed and by whom. The Employer shall have the right to assign a portion of an Employee's duties and responsibilities to another Employee, either in the same Department or in another Department. In the event that a portion of the Employee's duties is assigned at a different college, such assignment will only be made for the purposes of preventing the reduction of a full-time position, or for the purpose of preserving an existing program and be considered as an involuntary transfer, subject to the procedures hereinabove outlined.

## ARTICLE VI

#### REDUCTION IN FORCE

## A. PROCEDURE.

- 1. The Employer shall designate the programs/Departments where an Employee reduction in force is necessary. The Employer shall first attempt to accomplish such reduction by not replacing Employees in the designated programs/Departments who voluntarily resign or who retire. The Employer shall then attempt to accomplish necessary reductions by lay-offs of Employees in the designated programs/Departments working less than full-time.
- 2. In the event reduction in staff within the designated programs/Departments cannot be accomplished through resignation or retirement or the layoff of less than full-time Employees, the Employer agrees to notify the Association in advance of reduction in force at which time the Association may make its views and recommendations known concerning implementation of Employee reduction in force.
- 3. The Employer will determine the Employees within designated programs/Departments to be laid off based upon ability, qualifications, certification and seniority. These factors shall also apply as between two or more part-time Employees as well as between full-time Employees. The instructional program shall be the controlling factor in the layoff. Seniority ranking shall apply only if the Employer has determined ability and qualifications to be relatively equal. In determining ability and qualifications, the following factors only will apply: The individual's transcripts, administrative evaluations, letters of recommendation, degrees and number of graduate hours of credit and demonstrated teaching style and approach.

## B. RECALL PROCEDURES.

1. <u>Recall Rights</u>. If a vacancy, as defined under Paragraph 3 of Section A of Article V, is determined by the Employer to

exist, the Employer will determine the Employees to be recalled based on ability, qualifications, certification and seniority. In determining ability and qualifications, the same factors shall apply as provided in Paragraph 3 of Section A above. In applying the criteria of certification, Employees, to be entitled to recall, must have had actual teaching experience within the last five (5) years, in the discipline to which being recalled and if the Employee does not have such experience, the Employer, as a condition to recall, may require the Employee, at the Employee's expense, to obtain such additional training as the Employer deems necessary. Such additional training, if required, must be obtained prior to returning to work or by contemporaneously pursuing such training during the first year of recall and completing the training prior to commencement of the second year of work following recall. Such additional training shall qualify for SDU credit as provided in Section B of Article XIII. Within the designated programs/ Departments, where Employee ability and qualifications are judged by the Employer to be relatively equal, seniority shall be the controlling factor in recall. Recalled Employees shall retain all sick leave accrued prior to the date of reduction. Upon written request of the Employee, the Employer will consider recall until one of the following events occur:

- (a) A two (2) year lapse from the date of reduction.
- (b) The Employee's certification has lapsed.
- (c) The Employee waives recall in writing to a position comparable to that held at the time of layoff.

- 2. To assess strengths and weaknesses of faculty for the purpose of promoting professional growth.
- 3. To provide information for instructional, program and institutional improvement.
- 4. To maintain a process for providing accountability to constituencies (accrediting agencies, students, advisory committees, community, etc.)

## B. COMPONENTS.

The essential elements of the Faculty Evaluation System include the following:

- 2. Observations of the instructional process.
- 3. Instructor performance and development review.

## C. PROCEDURE.

- Evaluation shall be maintained and supervised by the District administrators. The procedures to be used in the evaluation of Employees will be followed for all persons teaching on a full-time or part-time regular basis within the District. Probationary Employees will receive more frequent evaluations during the first two years of employment. Employees experiencing difficulties with classroom performance may receive additional observations, student evaluations and/or performance reviews. The following is a list of specific procedures:
- 1. The Board will, within four (4) weeks after the start of the fall semester identify to each Employee, the supervisory individual who will be responsible for that Employee's evaluation. The supervisor shall notify the Employee of the evaluation procedures and the criteria that will be used in the evaluation as set forth in the evaluation instrument.
- 2. A new Employee or an Employee reassigned after the beginning of the fall semester shall be notified by the appropriate supervisor of the evaluation procedures in effect. Such notification shall be within four (4) weeks of the first day in the new assignment.
- 3. No formal evaluation shall take place until such orientation has been completed.
- 4. New faculty members will have at least one class session observed per year for the first two years by the Chief Academic Officer or designee. A post-observation conference will be conducted within ten (10) work days following the observation and the performance and development review instrument will be completed and placed on file in the Chief Academic Officer's office.
- 5. New faculty members will have at least two classes evaluated by students each semester for the first two years. This requirement may be lessened in the event the faculty member has prior teaching experience outside of the District and has adequately demonstrated proficiency in the

classroom.

- 6. Non-probationary Employees will have at least one class, designated by the administration, evaluated by students each year.
- 7. Observation of non-probationary Employees will be by the Chief Academic Officer or designee and will be by agreement with the Employee being observed and will occur at least once every two years. Additional classroom observations may be conducted, with or without notice or agreement of the Employee, if deemed necessary by the Chief Academic Officer, or if requested by the faculty member. A post-observation conference will be conducted within ten (10) work days following any observation and the performance and development review instrument will be completed and placed on file in the Chief Academic Officer's office.
- 8. All Employees will meet with the Chief Academic Officer or designee at least once each year to complete the performance and development review instrument. The purpose of this process is to review the performance of the faculty member, to discuss developmental goals and progress, and to establish new goals for future professional development. A copy of the review instrument shall be given to the Employee within ten (10) work days following the post-observation conference. The Employee shall sign the instrument for the purpose of indicating awareness of content (but not necessarily agreement with the evaluation). A copy of each completed instrument will be filed in the Chief Academic Officer's office.
- 9. The Chief Academic Officer is responsible for maintaining the privacy of each Employee's personnel file with regard to student evaluations, observation notations and performance and development review documentation. The Employee has access and may copy, upon request, all documents in his/her personnel file except for letters of recommendation and information designated as "confidential" by an institution of higher education. An Employee may request that additional information or written response to a given evaluation become part of the evaluation on file.

10. If the Employee feels his/her evaluation is unfair, unjust or inaccurate, he/she may respond to the evaluation and submit a written response to the Employee's evaluator. The response shall be attached to any file copy of the Employee's evaluation and shall be signed and dated by both parties to indicate awareness of content.

## D. REMEDIATION.
